EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Sixty-second Meeting
Montreal, 29 November -- 3 December 2010

Addendum

ANNOTATED PROVISIONAL AGENDA

Agenda item 5(c): Status of implementation of delayed projects and prospects of Article 5 countries in achieving compliance with the next control measures of the Montreal Protocol

Add the following sub-paragraphs to the recommendations:

- (e) The cancellation of the chiller project in the Caribbean (LAC/REF/47/DEM/36) if no additional chillers are identified for participation in the project by the 63rd Meeting; and
- (f) Requesting UNEP and Germany to provide to the 63rd Meeting information on the status of actions undertaken to obtain co-financing for the countries for which such information was not provided according to the categories used in Table 14 of document UNEP/OzL.Pro/ExCom/62/6/Add.1 and for UNDP, UNIDO and the World Bank to update the information provided at the 62nd Meeting, as appropriate, to the 63rd Meeting.

Agenda item 9: Report on the Multilateral Fund climate impact indicator (decision 59/45)

Documents UNEP/OzL.Pro/ExCom/62/56 and Add.1 (to be issued) have been prepared by the Secretariat and contain a description of the results from the application of the Multilateral Fund Climate Impact Indicator (MCII) to a subset of project submissions, from the 60th Meeting onwards, pursuant to decision 59/45. The related technical descriptions referring to different consumption sectors can be found in Annex I of the addendum. Annex II of the addendum illustrates a mainly automated model for the calculation of the MCII for the refrigeration sector. Annex III contains results of the calculations for project submissions to the 62nd Meeting for Armenia, China, Indonesia, Nigeria and Serbia.

Issues to be addressed: None.

Action expected from the Executive Committee: The Executive Committee may wish to:

- (a) Take note of the report on the experience gained in implementing the Multilateral Fund Climate Impact Indicator (MCII);
- (b) Request the Secretariat to finalize the development of the MCII for the different sectors as outlined in document UNEP/OzL.Pro/ExCom/62/56;
- (c) Request the Secretariat to inform the Executive Committee about progress made and experience gained in applying the MCII to project submissions not later than the 64th Meeting;
- (d) Request the Secretariat to apply the climate indicator to the relevant projects and sub projects submitted to allow the climate impact of the technological options presented in the submissions to be measured; and
- (e) Request the Secretariat to present a fully developed version of the MCII to the Executive Committee not later than to the 65th Meeting, in order to enable an assessment of whether this can be applied as a fully integrated tool in the preparation and assessment of project submissions so that the climate impact of the HCFC consumption projects of the Multilateral Fund can be calculated.
