EXECUTIVE COMMITTEE OF  
THE MULTILATERAL FUND FOR THE  
IMPLEMENTATION OF THE MONTREAL PROTOCOL  
Eighty-fifth Meeting  
Montreal, 25-29 May 2020  
Postponed to 19-22 July 2020\*

**Corrigendum**

**OVERVIEW OF ISSUES IDENTIFIED DURING PROJECT REVIEW**

This document is issued to:

- **Replace** the last sentence in paragraph 10 with:

“On 5 May 2020, the Government of Argentina submitted its CP data report, indicating a price of imported HCFC-22 of US \$3.00/kg, which is substantially lower than the price of HCFC-22 sold by Frio Industrias Argentinas (FIASA), the beneficiary HCFC-22 production enterprise for the project to control HFC-23 by-product emissions in Argentina. As described in document UNEP/OzL.Pro/ExCom/85/64, FIASA is able to sell HCFC-22 at a higher price than the imported HCFC-22 price or the international market price as it operates in what is effectively a duopoly, with HCFC importers almost fully utilizing their import quotas and FIASA satisfying the remaining market demand.”

\* Due to coronavirus disease (COVID-19)

Pre-session documents of the Executive Committee of the Multilateral Fund for the Implementation of the Montreal Protocol are without prejudice to any decision that the Executive Committee might take following issuance of the document.
