EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Forty-second Meeting
Montreal, 29 March - 2 April 2004

NEW DRAFT AGREEMENT BETWEEN UNEP AND THE EXECUTIVE COMMITTEE

Follow up to Decision 41/3 (b)

1. The Executive Committee decided in Decision 41/3(b) to negotiate a new agreement with UNEP for its services as Treasurer.

2. As a follow up to Decision 41/3(b), the Secretariat submitted to UNEP a revised draft agreement which incorporates Executive Committee decision 41/4 (c) and (e) below:

   c) That the new agreement should stipulate that the annual fee of the Treasurer would remain in effect unchanged for a period of five years as of the date of the agreement;

   e) To request UNEP to substantiate its request for an annual fee of US $500,000, including clarification of its need for additional support staff, and to seek further savings in this area.
3. The revised new draft agreement also took into account some of the comments made by UNEP on an earlier draft.

4. In a memorandum of 19 February 2004 from Dr. Töpfer to the Secretariat (attached as Annex 2), UNEP provided its comments and proposed clauses for inclusion in the final draft agreement.

5. By memorandum dated 19 March 2004 (attached as Annex 3), UNON provided additional comments, particularly in respect to clause 1.4 requiring UNEP to seek contributions from other donors, and provided further justifications to substantiate its request for the annual fee of USD 500,000. It reiterated the fact that the sum of US $500,000 per annum, fixed for 5 years, is inclusive of inflation which UNEP estimated at 5 per cent per annum. UNEP indicated that the proposed fee also takes into account increased costs associated with additional staff required to accomplish the complex tasks requested as part of the treasury function.

6. A final draft agreement, which takes into account the Executive Committee’s decisions and UNEP’s final comments and suggested amendments as contained in memoranda to the Secretariat of 19 February 2004 and 19 March 2004, is attached as Annex 1.

7. The highlighted clauses in Annex 1 indicate UNEP suggested amendments to the earlier draft version submitted by the Secretariat to UNEP and which was annexed to document UNEP/OzL.Pro/Excom/41/4.

**RECOMMENDATION**

8. The Executive Committee may wish to consider the final draft agreement as at 19 March 2004 between UNEP and the Executive Committee.

MEMORANDUM

To: Mrs. Maria Nolan
    Chief Officer
    Multilateral Fund Secretariat

From: Dr. Klaus Töpfer
    Executive Director
    UNEP

Date: 19 February 2004

Subject: Treasury Services – Revised New Draft Agreement between UNEP and Executive Committee Multilateral Fund

This communication refers to the memoranda from Mr. A. Hetherington to me dated 24 January 2004 and 30 January 2004 respectively. It also takes into account ExCom Decisions 41/3/4 and my memorandum of 26 October 2003 and is a follow-up to Mr. Barabanov’s memo of 11 February 2004 to you.

UNEP has reviewed the draft agreement for treasury services between UNEP and the Executive Committee and submits its comments for inclusion in the final draft. We believe that the ‘Treasurer’ is a misnomer for the role described in the agreement. The numerous specialized functions performed by the treasurer, and ad hoc studies often requested by ExCom would require a complete unit to adequately meet these demands. The Treasurer often has to outsource to various areas of UNON who administers UNEP for the services provided to ExCom. It is therefore important that the agreement is clear and there are no ambiguous areas which could result in neglected or contested tasks. We have come closer together in many areas and only a few items below remain to be agreed upon.

Article 1

1.4 UNEP in its capacity as Treasurer will seek contributions from other Parties.

We agree that when the Multilateral Fund was new and not clear on the way forward, UNEP could help in many ways. Now, however, contributions are voluntary assessed at the Meeting of the Parties for article 2 countries and are based on UN scale of assessment according to the Montreal Protocol Treaty which determines who can be party to article 2 countries. UNEP has never fundraised for Multilateral Fund before and if the treasurer is to seeks contributions, please specify what the ‘other parties’ from whom contributions should be sought.

1.9 UNEP will design and manage a transparent system for issuance and encashment of promissory notes which maximises benefits to the Multilateral Fund and the issuing Party.

The World Bank encashes promissory notes according to its own schedules and policies, member countries set encashment schedules according to their own internal decisions, and the remaining promissory notes are encashed by UNEP as the funds are needed without regard to the market’s performance. UNEP does not therefore have the capability to maximize benefits to Multilateral Fund nor to issuing parties.
UNITED NATIONS ENVIRONMENT PROGRAMME

- 2 -

UNEP therefore suggests the following text:

UNEP will develop a reporting system for tracking promissory notes' issuance and encashments in accordance with pre-determined schedules or as fund are needed by implementing agencies.

Article II

2.1, 2.6 and 4.3 UNEP proposes that paragraphs 2.1, 2.6 and 4.3 be combined since they all deal with designing and maintaining systems.

Suggested text:

Design and maintain a financial reporting system for transfers, disbursements, interest and expenditures (consistent with ExCom decision) that will ensure that the Secretariat databases and Implementing agencies' accounts are reported in a transparent and consistent manner and in agreement with the Treasurer's records. This will allow uniformity when tracking funds flow to facilitate comparability and reconciliation.

Article III

3.1 The amount of US$ 500,000 per annum will remain in effect unchanged for a period of 5 years as of the date of this agreement in line with ExCom decision 41/3(c).

UNEP believes that the amount of US$ 500,000 per annum is well justified taking into account the following:

a) The amount remains unchanged for a period of five years with an average inflation rate of 5 percent per year;

b) Expanded complexity of the job of the Treasurer which would require either an additional professional post or recruitment of consultants;

c) Comparing the bids of all organizations which offered to perform the treasurership, UNEP proposed the lowest level of staff requirements; and

d) There are many other small built-in costs to UNON that cannot be clearly quantified in this budget.

SUBJECT: Substantiation and Amendments of Treasury Fees and Draft Agreement

OBJET: Substantiation and Amendments of Treasury Fees and Draft Agreement

1. Further to our discussion I am pleased to confirm that Article 1. Para 1.4 of the draft Agreement changed to read, UNEP in its capacity as Treasurer will upon request from the ExCom seek contributions from other Parties.

2. With regard to the ExCom’s request to UNEP to substantiate its proposal for an annual fee of US$500,000, including clarification of its need for additional support staff, and to seek further savings in this area, please find attached an Annex which provides the breakdown of the UNEP’s projected annual cost of providing Treasury Service to the Multilateral Fund.

3. I would like to draw your attention to the fact that although the new draft Agreement seems to reconfirm many provisions of the current Agreement there are areas which would require either reinforcement of the current practices or development and implementation of new systems and mechanisms. Among those we would like to emphasize:

- design and management of transparent system of issuance and encashment of promissory notes;
- design and maintenance of a financial reporting system for transfers, disbursements, interest and expenditures that will ensure that the secretariat databases and implementing agencies’ accounts are reported in a transparent and consistent manner and in agreement with the Treasurer’s records to allow uniformity with tracking records flow and facilitate comparability and reconciliation;
- undertaking preparation of studies requested by the Executive Committee;
- adjustment of pledges of Parties to account for bilateral cooperation assistance and introduction of the bilateral cooperation assistance’s adjustments as reported in the annual progress reports;
- monitoring of Fixed Exchange Rate mechanism.
UNEP is of the opinion that efficient provision of these services especially conducting the studies requested by the Executive Committee is not possible without creation of another professional position. Taking into account the level of the professional positions in the Multilateral Fund Secretariat, it is proposed that the Treasurer post should be at P-5 level and the Fund Programme Management officer at P-4 level. The division of responsibilities of these two posts is provided in the Annex.

b) In compliance with the request of the Executive Committee to seek further savings in providing services of the Treasurer, the Service has been restructured which resulted in an annual saving of $27,700 as compared to the cost estimate contained in the document UNEP/OzL.Pro/ExCom/40/5/Add.1. However, this saving is offset mainly by an increase in the cost of the professional staff in 2004 ($9,750) and by taking into account an inflation factor. The draft Agreement provides that an amount of reimbursement to UNEP will remain in effect, unchanged, for a period of 5 years. ExCom decided to start effective September 2003 reimbursing UNEP with $301,000 annually. It is a normal budgetary practice to factor in inflation which is estimated at 5 per cent per annum. This will result in an average extra annual cost of $16,580.

c) There are many other small built-in costs to UNON that cannot be clearly quantified in this budget.

It would be highly appreciated if the above clarification could be made available to the Executive Committee.
