EXECUTIVE COMMITTEE OF  
THE MULTILATERAL FUND FOR THE  
IMPLEMENTATION OF THE MONTREAL PROTOCOL  
Sixtieth Meeting  
Montreal, 12-15 April 2010

**REPORT ON BALANCES AND AVAILABILITY OF RESOURCES**

## Introduction

1. This document presents a summary of the financial adjustments indicated by the bilateral and implementing agencies as agreed by the Fund Secretariat. The document includes statistical data, as required by decisions 28/7 and 56/2, from projects for bilateral and implementing agencies with balances that have been held for over the allowable 12-month period following completion of the project. The data presented are based on the reporting format that has been developed pursuant to decision 31/2 and include both obligated and un-obligated balances. Further to decision 41/92(b), this document also indicates the level of resources available to the Executive Committee in cash and promissory notes as recorded in the Status of Contributions (UNEP/OzL.Pro/ExCom/60/3). The total funds to be returned addressed in this report amount to US \$132,931 including support costs.

### Funds being returned to the 60<sup>th</sup> Meeting by Implementing Agencies

2. Information provided by the implementing agencies indicates that a total of US \$66,944 excluding agency support costs will be returned to the 60<sup>th</sup> Meeting, as set out in Table 1.

Table 1

#### FUNDS TO BE RETURNED BY THE IMPLEMENTING AGENCIES TO THE 60<sup>th</sup> MEETING (US \$)

3. Table 1 shows that UNDP has returned to the Fund US \$38,855 in project costs, UNEP US \$9 from completed projects and UNIDO US \$28,080 from completed projects.

### Projects with balances by year of completion

4. Table 2 presents the number of projects with balances that are still being held by the implementing agencies and the years in which those projects were completed. It shows that for projects closed and completed up to and including 31 December 2008 (at least over the last 12 months) implementing agencies had balances that totalled US \$10,001,577 excluding support costs.

5. At its 47<sup>th</sup> Meeting, the Executive Committee requested the Fund Secretariat to continue to monitor multi-year annual tranches in the context of documents on implementation delays and project balances (decision 47/50(b)(ii)).

6. UNDP holds the highest reported balance of US \$3,417,393 of which US \$2,543,079 is attributable to multi-year agreement (MYA). The World Bank holds a total balance of US \$2,052,501 of which the whole amount is attributable to MYAs annual tranches. UNIDO holds a total balance of US \$1,496,032, of which US \$1,312,390 is attributable to MYAs. UNEP has reported a balance of US \$3,035,651 of which US \$134,162 is attributable to MYAs. UNEP has the highest number of projects with balances (124) followed by UNDP (91), UNIDO (41) and the World Bank (4).

7. All agencies have projects that were completed over two years ago and have remaining balances. Almost half of the funds (US \$2,052,501 out of US \$4,579,745) are attributed to the World Bank's four reported MYA projects that were completed over two years ago. UNEP has the largest number of projects (74) that were completed over two years ago, with balances totalling US \$1,295,490.

8. Agencies have been asked to clarify why obligated balances remained for projects completed over two years ago and have not been returned. UNEP's records show a balance for projects completed over two years ago that has increased from US \$1.06 million to US \$1.3 million. UNEP explained that funding is provided to its implementing partners through cash advances and that these activities are then recorded as expenditures. UNEP has been experiencing some delays in receiving all the necessary reports and is following-up with respective partners. UNEP has also made a number of payments through UNDP country offices, of which there have been some delays in recording in the accounts. Obligations from old projects are regularly cancelled and re-obligated after a thorough review of validity and reconciliation.

The balance of funds will be re-obligated in the current year. During the year 2009, the balance has been reduced by US \$736,000 through recording of completed projects.

9. UNDP was requested to explain why balances of US \$709,606 are still obligated for projects completed over two years ago. UNDP explained that these balances are still obligated because the financial procedures of UNDP require that a final budget revision be issued to mark the formal closure of a project between UNDP and the executing agency and to close the project in UNDP's systems. Since UNDP enters into legal project execution arrangements with its executing agencies, only the signature of a final budget revision discharges or marks the end of these legal arrangements. Until this step is taken the executing agency is considered to have access to these funds and therefore they are considered obligated because UNDP cannot return the funds to the Multilateral Fund (MLF). UNDP is continuing its efforts to obtain the signed final budgets from the executing agencies and the balances will be returned as soon as these final revisions have been issued and projects closed.

10. The balance held by UNIDO for projects completed over two years ago has decreased since the 59<sup>th</sup> Meeting of the Executive Committee from US \$874,893 to US \$522,148. Out of the 18 projects, 14 are MYAs with US \$321,683 in obligated balances.

11. The World Bank's overall number of projects with balances completed over two years ago has decreased from five projects reported to the 59<sup>th</sup> Meeting to four reported to the 60<sup>th</sup> Meeting, and the overall level of balances has decreased from US \$2,413,454 to US \$2,052,501.

#### **Obligated and un-obligated balances**

12. The level of balances classified as obligated and un-obligated for the four implementing agencies is as follows:

Table 3

#### **OBLIGATED AND UN-OBLIGATED BALANCES BY AGENCY FOR PROJECTS WITH BALANCES (US \$)**

<b>Agency</b>	<b>Obligated balances</b>	<b>Un-obligated balances</b>	<b>Total</b>
UNDP	3,417,393	-	3,417,393
UNEP	1,107,617	1,928,034	3,035,651
UNIDO	1,196,378	299,654	1,496,032
World Bank	2,052,501	0	2,052,501
<b>TOTAL</b>	<b>7,773,779</b>	<b>2,227,688</b>	<b>10,001,577</b>

13. Of the total balance of US \$10,001,577 from completed, transferred and ongoing projects, US \$7,773,779 is obligated (which means that these funds are expected to be spent) and US \$2,227,688 has not been obligated. Implementing agencies are required to report reasons why any un-obligated balances could not be returned within the required time-frame, and to indicate when they will be returned (decision 31/2(a) (ii)).

14. UNDP has two ongoing, one transferred and 88 completed projects. It has no un-obligated balances. The overall number of projects with balances has increased from 81 projects reported to the 59<sup>th</sup> Meeting to 91 reported to the 60<sup>th</sup> Meeting. The overall level of balances has increased from US \$2,343,628 to US \$3,417,393. This includes balances for 13 MYA at the amount of US \$2,543,079 in project costs and US \$216,647 in support costs.

15. UNEP has 124 completed projects, and holds un-obligated balances of US \$1,928,034. The overall number of projects with balances has increased from 80 projects reported to the 59<sup>th</sup> Meeting to 124 reported to the 60<sup>th</sup> Meeting. The overall level of balances increased from US \$1.87 million to US \$3 million. UNEP holds the highest level of un-obligated balances. UNEP advised the Secretariat that it provides project implementation funds to its partners through cash advances. These activities are then recorded as expenditures once the implementing partners have properly accounted for the funds and submitted the necessary reports including inventory status. UNEP explained that the exercise of requesting the reports and recording the expenditures is ongoing and the funds cannot be returned to the MLF until they are returned back by the governments. The Secretariat has however indicated to UNEP that the amount of un-obligated balances for projects completed may give the impression of large unutilized cash at hand. The Secretariat recommended that balances on cash advances be either returned to the Fund or obligated until completely liquidated. UNEP advised the Secretariat that the large balance of un-obligated funds is mainly due the timing cycle of reporting, which takes place before closure of UNEP's accounts while the re-obligation is an ongoing exercise. UNEP confirmed that necessary actions have been taken and a large amount had already been obligated during the 2009 closure of the accounts leading to a reduced un-obligated balance by the 61<sup>st</sup> Meeting.

16. UNIDO has 41 completed projects, and un-obligated balances of US \$299,654. The overall number of projects with balances has increased from 30 projects reported to the 59<sup>th</sup> Meeting to 41 reported to the 60<sup>th</sup> Meeting, and the overall level of balances has increased from US \$1.11 million to US \$1.5 million. UNIDO explained that un-obligated balances will be returned to the MLF after financial completion of the projects.

17. UNIDO has an un-obligated balance of US \$156,908 for projects completed over two years of which 14 are multi-year tranches. The un-obligated balance of US \$13,292 is for the 4 remaining individual projects in China, Romania, Serbia and Zimbabwe out of which US \$10,989 is for the Zimbabwe project that will be returned to the 61<sup>st</sup> Meeting. However, once the remaining obligations have been cleared, the projects will be financially completed and the remaining funds will be returned to the MLF.

18. The World Bank holds US \$2,052,501 in obligated balances for completed projects, all of which are for MYAs. The World Bank explained that these obligated balances are attributed to the annual programmes of MYAs for Philippines (PHI/PHA/38/INV/69, PHI/PHA/41/INV/71) and Thailand National CFC phase-out plans (THA/PHA/41/INV/140 and THA/PHA/42/INV/141).

#### **Agency support costs**

19. At its 35<sup>th</sup> Meeting, the Executive Committee requested that implementing agencies return all agency support costs associated with remaining funds from completed projects. If expenditures had been incurred from these costs, the implementing agencies should provide an explanation and return the balance of funds (decision 35/13(k)). Table 4 indicates that a total of US \$6,445 in agency support costs will be returned at the 60<sup>th</sup> Meeting.

Table 4

**ADMINISTRATIVE SUPPORT COSTS TO BE RETURNED TO THE 60<sup>th</sup> MEETING (US \$)**

World Bank	0	0	0
<b>TOTAL</b>	<b>6,445</b>	<b>0</b>	<b>6,445</b>

**Funds being returned to the 60<sup>th</sup> Meeting from bilateral agencies**

20. Under decision 56/2(b) and (c) the Committee requested bilateral agencies “to report to the Executive Committee at its 57<sup>th</sup> Meeting on their proposed disposition of balances from completed projects,” and the Secretariat “to continue monitoring completed projects with balances for bilateral agencies and to report to the Executive Committee thereon”. As a follow-up the Secretariat asked bilateral agencies that have projects with balances for over the allowable 12-month period following completion of the projects to advise on their intent on the usage of these balances.

21. Table 5 provides the feedback received on returns of balances from projects completed from the Governments of Australia, Finland, France, Japan, Spain and Sweden. It indicates that a total US \$192,731 comprising project costs and agency support costs will be returned to the 60<sup>th</sup> Meeting.

Table 5

(\*) Only 7.5 per cent of the programme support cost applies to UNIDO, equivalent to US \$9,292 instead of 13 per cent for Sweden, equivalent to US \$16,106.

22. Australia indicated that there is no amount to be returned, and that the all remaining balances have been fully disbursed.

23. The Government of Finland advised the Secretariat of its intent to return US \$52,712 to the 60<sup>th</sup> Meeting for two completed projects PAN/REF/29/TAS/11 and PAN/REF/29/TAS/12.

24. The Government of France advised the Secretariat that it would return US \$16 to the 60<sup>th</sup> Meeting and of its future intent to return remaining funds of US \$87,864 as soon as the financial closure process is completed for project MOR/FUM/29/INV/37.

25. The Government of Japan advised the Secretariat that it would not be returning any fund at the 60<sup>th</sup> Meeting and it would be using the unspent balance for future projects.

26. The Government of Spain has advised the Secretariat of its intents not to return any funds to the 60<sup>th</sup> Meeting.

27. In its letter of 12 February 2010, Sweden advised the Secretariat of its intent to return US \$123,897 in project cost and US \$16,106 in programme support cost to the 60<sup>th</sup> Meeting for two National CFC phase out plans (NPPs), one in Romania (ROM/PHA/45/TAS/31) and one for Serbia (YUG/PHA/43/TAS/22). Sweden requested that the balance returned as a cash contribution to the Multilateral Fund be reallocated to UNIDO (US \$123,897 plus 7.5 per cent programme support cost US \$9,292) to continue with the implementation of the NPPs in Romania and Serbia.

#### **Bilateral projects with balances by year of completion**

28. Table 6 presents the balances that are being held by bilateral agencies and the years in which those projects were completed. It shows that for projects completed up to and including 31 December 2008 (at least over the last 12 months) bilateral agencies had balances totalling US \$134,908 including support cost. No bilateral agencies hold balances for projects completed over two years.

29. The Government of France advised the Secretariat that it is not able to return the balance of US \$87,864 for project MOR/FUM/29/INV/37, implemented through UNIDO, until the financial closure process is completed.

30. The Government of Spain indicated to the Secretariat that the balance under project MEX/FUM/42/TAS/118 will not be cleared until the 61<sup>st</sup> Meeting and then the project will be financially completed.

## COMMENTS

31. Annex II presents additional information on obligated and un-obligated balances by agency. Of the US \$10 million in projects with balances in this report, about US \$5.9 million is for MYAs and of that amount about US \$2.5 million is under UNDP's implementation programme.

32. The status of contributions and disbursements as of 5 March 2010 indicates that the Treasurer has an available balance amounting to US \$116,186,390 in cash and promissory notes. The total net balance returned by implementing agencies and bilateral agencies including agency support cost, and taking into consideration the transfer of projects from Sweden to UNIDO, is US \$132,931. The total level of resources available for approvals by the Executive Committee at its 60<sup>th</sup> Meeting, after taking into account the Fund balance as contained in document UNEP/OzL.Pro/ExCom/60/3, and the total return from implementing agencies and bilateral agencies, is US \$116,319,321.

33. Considering the total level of funding for projects and activities being considered by the Executive Committee amounting to about US \$53,200,000 (as at March 2010) there are sufficient resources available for approvals at the 60<sup>th</sup> Meeting.

## RECOMMENDATIONS

34. The Executive Committee may wish

(a) To note:

- (i) The report on balances and availability of resources contained in document UNEP/OzL.Pro/ExCom/60/5;
- (ii) The net level of funds being returned by the implementing agencies to the 60<sup>th</sup> Meeting is amounting to US \$66,944 against projects. This includes the return of US \$38,855 from UNDP, US \$9 from UNEP, and US \$28,080 from UNIDO;

- (i) Reducing bilateral funding approved for the Government of Sweden for the implementation of the project ROM/PHA/45/TAS/31 by US \$83,219 plus agency support cost of US \$10,818 and to increase the funding approved for UNIDO for implementation of the same project by US \$83,219 plus agency support cost of US \$6,241 as agreed mutually between all stakeholders; this decision will form an amendment to the agreement between the Government of Romania and the Executive Committee; and
  - (ii) Reducing the funding approved for the Government of Sweden for implementation of the project YUG/PHA/43/TAS/22 by US \$40,678 plus agency support cost of US \$5,288 and to increase the funding approved for UNIDO for implementation of the same project by US \$40,678 plus agency support cost of US \$3,051 as agreed mutually between all stakeholders; this decision will form an amendment to the agreement between the Government of Serbia and the Executive Committee.
- (c) To note:
- (i) That implementing agencies had balances totalling US \$4,579,745 excluding support costs from projects completed over two years ago. This includes US \$709,606 from UNDP, US \$1,295,490 from UNEP, US \$522,148 from UNIDO, and US \$2,052,501 from the World Bank;
  - (ii) To note that UNEP has un-obligated balance of US \$1,928,039 on completed projects and requests UNEP to report on the application of the financial rules regarding obligating cash advances by the 61<sup>st</sup> Meeting; and
  - (iii) That France had balances totalling US \$87,864, Japan US \$20,203 and Spain US \$26,841 including support costs.
