Executive Committee of
the Multilateral Fund for the
Implementation of the Montreal Protocol

Seventeenth Meeting
Montreal, 26-28 July 1995

Corrigendum

PROJECT PROPOSALS: ARGENTINA

Conversion to non CFC technology in the manufacture of flexible foam (slabstock) at Limansky

Replace paragraph 4 with the following:

4. Following discussions between the Secretariat and UNDP, the projects' funding levels have been agreed.

Add the following Secretariat's Recommendations:

5. The Secretariat recommends approval of the two projects as follows:

Limansky	US \$473,000 and US \$61,490 support costs (cost effectiveness: US \$5.50/kg./yr.)
----------	---

Sueno Estelar and Estelar San Luis	US \$690,000 and US \$89,700 support costs (cost-effectiveness: US \$5.75/kg./yr.)
---------------------------------------	---

Conversion to non-CFC technology in the production of heat exchangers for mobile air conditioning systems at Sistemaire, S.A.

Add the following new paragraph 7 to the Secretariat's Comments:

7. As a result of discussions with the World Bank, some cost items were eliminated or reduced.

Replace the existing paragraph 7 of the Secretariat's Recommendations with the following:

8. The Secretariat recommends approval of the project proposal and funding in the amount of US \$2,441,667.
