Executive Committee of
the Multilateral Fund for the
Implementation of the Montreal Protocol

Twentieth Meeting
Montreal, 16-18 October 1996

PROJECT PROPOSALS: MALAYSIA

This revision is issued for the purpose of withdrawal of the two projects based on the following:

1. Subsequent to the receipt by UNDP of the Secretariat's Comments and Recommendations of the project proposals for two enterprises from Malaysia included in document UNEP/OzL.Pro/ExCom/20/28, UNDP informed the Secretariat, as well as the Government of Malaysia and UNIDO, that the two enterprises were covered by the umbrella project approved by the Executive Committee at its Twelfth Meeting for implementation by UNDP.
2. UNDP's fax reached UNIDO only on Saturday 12 October. The Fund Secretariat sought clarification of the matter from UNIDO who agreed that the projects should be withdrawn.
3. The Fund Secretariat is seeking further clarification from UNIDO, UNDP, and the Government of Malaysia regarding the circumstances which have led to the submission of projects for enterprises that had the same projects approved at a previous Executive Committee meeting.
