IMPLEMENTATION OF THE MONTREAL PROTOCOL
Twenty-fifth Meeting
Montreal, 29-31 July 1998

Addendum**PROJECT PROPOSALS: BRAZIL**

The Secretariat concluded its discussions with UNDP on issues raised in the Secretariat's comments on Termisa commercial refrigeration project. Subsequently, costs requested for replacement of two foaming machines and associated trial costs were reduced by US \$30,000 reflecting the equivalent replacement and prevailing prices of the equipment.

The Secretariat, therefore, recommends the project for blanket approval as follows:
