EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Twenty-sixth Meeting
Cairo, 9-13 November 1998

REPORT FROM THE TREASURER

The Status of the Fund as at 10 October 1998

1. The tables on the following pages provide information on the Status of the Fund and of Contributions as recorded by UNEP as of 10 October 1998. About USD 25 million is now available for new Executive Committee allocations, considering the provision of USD 2 million made in respect of promissory notes.
2. While fourteen Parties out of a total of thirty-eight have already paid their contributions for 1998 in full, still only USD 54 million has so far been collected for this year, representing about 34% of contributions agreed. At this moment, there are no firm indications from the Parties that additional contribution payments for 1998 or for previous years will be affected before the time of the meeting.
