EXECUTIVE COMMITTEE OF
THE MULTILATERAL FUND FOR THE
IMPLEMENTATION OF THE MONTREAL PROTOCOL
Ninety-fifth Meeting
Montreal, 4-8 December 2024

**STRATEGIC APPROACHES TO KIGALI AMENDMENT IMPLEMENTATION
FOR SUSTAINABLE HFC PHASE-DOWN AND CONTRIBUTION OF ACTIVITIES
SUPPORTED BY THE MULTILATERAL FUND TO SUSTAINABLE COOLING**

1. The Executive Committee has requested the Secretariat to organise two informal half-day sessions on strategic approaches to Kigali Amendment implementation (decisions 93/103 and 94/62). The first informal half-day session took place immediately preceding the 94th meeting of the Executive Committee on 26 May 2024 and the second one will take place immediately after the 95th meeting on 9 December 2024. With decision 94/62, the Executive Committee decided to continue discussions on the issues during meetings of the Executive Committee beginning by scheduling a half-day session immediately following the 95th meeting. With the same decision, the scope of the second half-day session was expanded to also capture the contribution of the Multilateral Fund-supported activities to sustainable cooling. The agenda of the second half-day session is posted on the Secretariat's website.¹
2. The outcome of the discussions from the first half-day session and the key takeaways as presented by the moderator were summarized in document UNEP/OzL.Pro/ExCom/94/Inf.3 which is available as a background document for the second half-day session. The compilation of all inputs received by countries on the strategic approaches for the implementation of the Kigali Amendment as part of the preparation for the first half-day session is also available on the Secretariat's website as background documents together with document UNEP/OzL.Pro/ExCom/94/63 on how HCFC phase-out and HFC phase-down activities supported by the Multilateral Fund might contribute to sustainable cooling is also provided as a background document for this discussion.
3. Since the second half-day session will take place after the 95th meeting of the Executive Committee and the issues related to the strategic approaches to Kigali Amendment implementation for sustainable HFC phase-down and contribution of Multilateral Fund-supported activities to sustainable cooling, will be discussed at future meetings of the Executive Committee (decision 94/62), the Secretariat will capture the key takeaways from the half-day session and make them available as information note to the 96th meeting of the Executive Committee.
